

Applicant : Michelle R. Dalton  
Serial No. : 09/499,249  
Filed : February 7, 2000  
Page : 2 of 12

Attorney's Docket No.: 07844-370001 / P345

Amendments to the Specification:

Please replace the paragraph beginning on line 6 of page 6 with the following amended paragraph:

Fig. 1 illustrates a basic workflow for preparing a document for hardcopy production. First, a user or an operator generates a document or file in step 100. The file can be generated using any suitable document processing software such as In-Design, PhotoShop and Illustrator, all of which are available from Adobe Systems ~~Incorporated~~ Incorporated (San Jose, California).

Please replace the paragraph beginning on line 12 of page 17 with the following amended paragraph:

- Call PDEContentCreate() facility ~~facility~~ provided by PDFEdit to initialize the content stream.

Please replace the paragraph beginning on line 18 of page 22 with the following amended paragraph:

- Call PDEContentCreate() facility ~~facility~~ provided by PDFEdit to initialize the content stream.

Please replace the paragraph beginning on line 6 of page 29 with the following amended paragraph:

- When the user has chosen to convert such colors to the process model ~~[[ie.]]~~ (i.e., print them without special inks) the composite color representation is determined through application of the tint transform procedure.
